

Immunic, Inc. Expands Board of Directors with Appointment of Industry Veteran Tamar Howson

SAN DIEGO, October 15, 2019 – Immunic, Inc. (Nasdaq: **IMUX**), a clinical-stage biopharmaceutical company focused on developing best-in-class, oral therapies for the treatment of chronic inflammatory and autoimmune diseases, today announced the appointment of Tamar Howson, a highly seasoned life sciences executive, to its Board of Directors, effective October 11, 2019. With this addition, Immunic’s Board now totals six members.

“Tamar brings to Immunic more than thirty years of relevant experience in corporate and business development, having worked in-house, and as a consultant and Board member for a wide range of companies in the biotechnology and pharmaceutical industries,” stated Duane Nash, M.D., J.D., M.B.A., Chairman of the Board of Directors of Immunic. “Her vast industry expertise and proven leadership capabilities make her a valuable asset, and we look forward to leveraging her knowledge and insights as we progress our clinical and preclinical pipeline activities.”

Ms. Howson is currently an Independent Director at MEI Pharma, Inc. and Scientus Pharma Inc., and, until recently, was an Independent Director at Organovo Holdings, Inc. Earlier, she was a Senior Advisor on the transaction team at JSB-Partners, providing business development support to life sciences companies. Before that, she served as Executive Vice President, Corporate Business Development at Lexicon Pharmaceuticals, Inc. Prior, Ms. Howson was Senior Vice President, Corporate and Business Development at Bristol-Myers Squibb Company, responsible for worldwide oversight and management of the identification, evaluation and negotiation of mergers and acquisitions, licensing and other external alliance activities. Additionally, Ms. Howson spent nearly a decade at SmithKline Beecham, where she served as Senior Vice President and Director, Business Development and managed the company’s USD 100 million venture capital fund, SR One.

During her career, Ms. Howson has also served on the boards of companies including Actavis Pharma, Inc., ContraVir Pharmaceuticals, Inc., Cynapsus Therapeutics Inc., Enzymotec Ltd., Idenix Pharmaceuticals, Inc., IPM-International Partnership for Microbicides and OXiGENE, Inc.

Ms. Howson earned a Bachelor of Science in chemical engineering from the Technion - Israeli Institute of Technology, a Master of Science in chemical engineering from the City College of New York and a Master of Business Administration from Columbia University.

About Immunic, Inc.

Immunic, Inc. (Nasdaq: **IMUX**) is a clinical-stage biopharmaceutical company developing a pipeline of selective oral immunology therapies aimed at treating chronic inflammatory and autoimmune diseases, including relapsing-remitting multiple sclerosis, ulcerative colitis, Crohn’s disease, and psoriasis. The company is developing three small molecule products: IMU-838 is a selective immune modulator that inhibits the intracellular metabolism of activated immune cells by blocking the enzyme DHODH; IMU-935 is an inverse agonist of ROR γ t; and IMU-856 targets the restoration of the intestinal barrier function. Immunic’s lead development program, IMU-838, is in phase 2 clinical development for relapsing-remitting multiple sclerosis and ulcerative colitis, with an additional phase 2 trial planned in Crohn’s disease. An

investigator-sponsored proof-of-concept clinical trial for IMU-838 in primary sclerosing cholangitis is ongoing at the Mayo Clinic. For further information, please visit: www.immunic-therapeutics.com.

Cautionary Statement Regarding Forward-Looking Statements

This press release contains “forward-looking statements” that involve substantial risks and uncertainties for purposes of the safe harbor provided by the Private Securities Litigation Reform Act of 1995. All statements, other than statements of historical facts, included in this press release regarding strategy, future operations, future financial position, future revenue, projected expenses, prospects, plans and objectives of management are forward-looking statements. Examples of such statements include, but are not limited to, statements relating to Immunic’s clinical and preclinical pipeline activities and the structure and composition of its board. Immunic may not actually achieve the plans, carry out the intentions or meet the expectations or projections disclosed in the forward-looking statements and you should not place undue reliance on these forward-looking statements. Such statements are based on management’s current expectations and involve risks and uncertainties. Actual results and performance could differ materially from those projected in the forward-looking statements as a result of many factors, including, without limitation, risks and uncertainties associated with the ability to project future cash utilization and reserves needed for contingent future liabilities and business operations, the availability of sufficient resources to meet business objectives and operational requirements, the fact that the results of earlier studies and trials may not be predictive of future clinical trial results, the protection and market exclusivity provided by Immunic’s intellectual property, risks related to the drug development and the regulatory approval process and the impact of competitive products and technological changes. A further list and descriptions of these risks, uncertainties and other factors can be found in the section captioned “Item 1A. Risk Factors,” in the company’s Current Report on Form 8-K filed on July 17, 2019, and in the company’s subsequent filings with the Securities and Exchange Commission. Copies of these filings are available online at www.sec.gov or ir.immunic-therapeutics.com/sec-filings. Any forward-looking statement made in this release speaks only as of the date of this release. Immunic disclaims any intent or obligation to update these forward-looking statements to reflect events or circumstances that exist after the date on which they were made. Immunic expressly disclaims all liability in respect to actions taken or not taken based on any or all the contents of this press release.
