

Immunic AG is a Nasdaq-listed, value-driven and dynamic biotechnology company with a pipeline of selective oral immunology therapies located in Gräfelfing (near Munich). We are developing new therapies with best-in-class potential for the treatment of chronic inflammatory and autoimmune diseases.

Currently, we have three small molecule products in different stages of clinical development- For further information, please visit [www.imux.com](http://www.imux.com).

Immunic is an exciting place for fresh ideas – apply now and become part of our team!

We are looking for a

## Scientist (F/X/M)

for an unlimited full-time or part-time (at least 30h/week) position in order to reinforce our Gräfelfing/Munich based team. You would be working in a team with experienced scientists and support our Chief Scientific Officer.

### In particular, you would

- Be responsible for the scientific program regarding the MoA of Immunic's development projects
- Drive scientific discussions within the team and with external partners
- Develop concepts for MoA studies in collaboration with academia and CROs and execute them
- Prepare scientific slide decks/posters for conferences, business, and investor presentations
- Present data internally and on scientific conferences
- Support preparation of scientific publications and grant applications
- Critically assess received reports from externals

### Here is how to convince us:

- You bring a scientific background in medicine, molecular biology or immunology (PhD level)
- Solid knowledge of analysis of experimental and scientific data
- Experience in scientific presentation and scientific writing
- Knowledge about Inflammatory Bowel Disease or gut barrier function would be a “plus”
- Experience in gene regulation and epigenetics is an advantage
- Very good cultural fit to the current team of Immunic and the Immunic values
- Very good written and oral communication skills in English language, German is a “plus”
- Project management experience with focus on early-stage drug development is a “plus”
- Excellent interpersonal skills and the ability to work in a team environment

### What can you expect:

- A full-time position (or part time, minimum 30 hours)
- A fair salary commensurate with your experience
- You can participate in the success of our company

- A flexible and dynamic working environment
- A highly innovative and motivated team where you can rely on your colleagues
- Cross-functional work experience withing an international, multicultural team and flat hierarchies
- An attractive office with parking space and public transport connections to Munich city center
- State-of-the-art IT support, incl. own MacBook and iPhone

Please send your meaningful application specifying your salary expectations as well as the earliest possible starting date by email to [jobs@imux.com](mailto:jobs@imux.com).
