

Immunic AG is a Nasdaq-listed, value-driven and dynamic biotechnology company with a pipeline of selective oral immunology therapies located in Gräfelfing (near Munich). We are developing new therapies with best-in-class potential for the treatment of chronic inflammatory and autoimmune diseases.

Currently, we have three small molecule products in different stages of clinical development- For further information, please visit www.imux.com.

Immunic is an exciting place for innovative ideas – apply now and become part of our team!

We are looking for a

Associate Clinical Trial Supply Manager (m/f/x)

for an unlimited full-time position in order to reinforce our Gräfelfing/Munich based team. You would be working in a team with our Lead Clinical Supply Manager, CMC colleagues as well as other internal and external partners of Immunic.

In particular, you would

- Support global clinical programs and clinical studies phase I, II, III and Investigator sponsored studies with Investigational Medicinal Product (IMP) and study supplies
- Attend clinical study team meetings and external meetings (as required)
- Perform supply related task such as product forecast/calculation, planning, creation, oversight and tracking of IMP and study supplies from planning phase until end of the study
- Establish packaging design and supply chain (including Import License) for the IMP for clinical studies
- Coordinate and plan packaging and labelling with external Vendor, and ensure regulatory requirements within packaging, labelling and distribution are met
- Review and approve Packaging Orders and Master Batch Records provided by external Vendor
- Monitor and oversight of IMP and study supplies in collaboration with Clinical Operations Department and external Vendor.
- Support Clinical Operations Department with Interactive Response Technology (IRT) System setup (if required) and contribute to the specification and user acceptance test (UAT)
- Responsible for the study specific budget related to IMP and study supplies
- Be the substitute for the Lead Clinical Trial Supply Manager

Here is how to convince us:

- You have minimum 3 years of experience within the Pharmaceutical/Biotech industry, a University degree in Biology, Biochemistry, Chemical, Bioengineering, Pharmacy or related scientific discipline
- You have experience in Clinical Research and/or Clinical Supply Management
- You have experience with Clinical Trial Supply Operations (IMP forecast, labelling, Distribution, etc.)
- You have good knowledge in Annex 13, Good Manufacturing Practice (GMP), Good Distribution Practice (GPD) and ICH Good Clinical Practice (GCP)
- You have good Computer/IT skills
- Excellent written and verbal communication skills in English, exceptional interpersonal and management skills to collaborate with and direct the work of others on assigned projects
- You enjoy working in a small team as well as dynamic work environment
- You are open-minded and you strive to find the best solutions in a team environment

- You are able to manage complex tasks to achieve business goals
- You are able to self-structure your work and drive processes, have good project management skills, and are willing to take responsibility and make decisions
- You are used to work on your own initiative but with high team spirit and the ability to network within the team
- You are happy to work in a flat hierarchy environment and have a hands-on mentality.
- You have a good cultural fit to the current team of Immunic

What you can expect:

- High level of decision-making scope and a flexible working environment
- A full-time position in an international, highly motivated team dedicated to our company values (please have a look at the icons in our header)
- A fair salary according to your experience and expertise
- Participation in the success of our company
- A highly innovative and motivated small team where you can rely on your colleagues
- Cross-functional work experience as well as flat hierarchies
- An attractive office with parking space and public transport connections to Munich city center
- State-of-the-art IT support, incl. own MacBook and iPhone

Please send your meaningful application specifying your salary expectations as well as the earliest possible starting date by email to jobs@imux.com.
